

A photograph of a modern seniors' living facility courtyard. The building features a prominent wall of vertical wooden slats. The courtyard includes a green lawn, a tree, and a gravel path. Two people are walking in the foreground. The sky is bright and cloudy.

SENIORS' LIVING FACILITIES

JACKSON TEECE

01

Jackson Teece maintains a thorough and structured approach to the design process of Seniors' Living Projects. Creativity and design innovation flourish from a sound base. We are focused on ensuring our client's functional and operational building needs. There are a number of particular concerns which need to be addressed in designing specialist buildings for the care and accommodation of the elderly community.

For more information on any of the projects in this document, or to discuss a business opportunity, please contact Damian Barker (Design Director), Ian Brodie (Director), Paul Brace (Interiors Director) or John Gow (Associate Director)
